## EXTRACT FROM OUR PRODUCT PORTFOLIO

From the bean to the milk – our coffee specialties convince with freshness and quality. Only organic espresso beans of our own brand "Caferino" are used for the preparation. Freshly ground and prepared on our exclusive hand lever sieve carrier machine, our beans develop their unique aroma.

In addition to absolute Coffee Classics, we also offer delicious Coffee Specials as well as refreshing cold drinks and patisserie products. The product portfolio can be individually extended by additional products.

# MOBILE COFFEE CATERING.

## Mobility & Flexibility

The Coffee-Bike can easily be placed in- and outdoors. It requires neither a power nor a water connection. Experience our catering when and where you want.

## Coffee craft

Every Coffee-Biker is a trained barista. They live and love their coffee. From theory to their craftsmanship.

## Quality

Our coffee specialties impress with outstanding organic quality. From the beans to the milk. With every espresso pack used, we support terre des hommes.

## Individuality

Make an online request and plan your coffee catering according to individual requirements. We will manage the organisational part. So, you just have to enjoy your coffee.
